

Without You

Andra

Why should I fall in love with you
How do I know that you've been thinking' this through

Ya no se si creer en ti
Quiero saber si es el principio del fin

Or am I better off
Without you
Without you now
Without you
Without you now
Without you
Without you now

Can't believe you told me you love me
did you think it would be that easy
How do I know if you're pretendin'
you want more than my body

Why should I fall in love with you
How do I know that you've been thinking' this through

Ya no se si creer en ti
Quiero saber si es el principio del fin

Or am I better off
Without you
Without you now
Without you
Without you now
Without you
Without you now
Or am I better off
Without you
Without you now
Without you
Without you now
Without you
Without you now

La razón dirá ciego al corazón
el te atraparé quieras o no
tú y yo unidos en conexión
ya vivo en tu mente

Ya no se si creer en ti
siento que solo finges y haces sentir
Ya no se si creer en ti
Quiero saber si es el principio del fin

Or am I better off
Without you
Without you now
Without you
Without you now
Without you
Without you now

Or am I better off
Without you
Without you now
Without you
Without you now
Without you
Without you now

Ya no se si creer en ti
siento que solo finges y haces sentir
