

Ready To Fly

Andragonia

Why are you so afraid?
I don't want to hurt you
Time has passed us by since we last met
Talk to me my friend,
Tell me what's wrong with you!
Now there's still time,
Don't let my sorrow turn into hate

I just wanna know - If I have made something wrong
I just wanna say - I still miss you so bad

Time will come to explain my acts
(sorry If I've disappointed you)
I needed time to clean my mind,
I needed words to say,
For the first time in my life, I'm ready to fly

I know you thought you had my life under your control
I broke free from you
I'll wait to open up your eyes

I just wanna know - If I have made something wrong
I just wanna say - I still miss you so bad

Time will come to explain my acts
(sorry If I've disappointed you)
I needed time to clean my mind,
I needed words to say...
For the first time in my life, I'm ready to fly

I know you know,
The pain I felt always when you tried to put me down
when I needed your helping hand.
I might be wrong, you were so happy on our last day
I hope you're fine now,
'Cause it's time for me to take my way...

I'm begging for the chance to meet you again
There are many ways to come and go in the road of life!

Where did you go?
Tell me where you hide your light!
Why did you change so much?
Tell me now who do you think you are!

I just wanna know - If I have made something wrong
I just wanna say - I still miss you so bad

Time will come to explain my acts
(sorry If I've disappointed you)
I needed time to clean my mind,
I needed words to say...
For the first time in my life, I'm ready to fly.
