

Threshold

Andragonia

Pain is all around;
Rain falls all the time;
Air hurts when I breath;
Tears bring me to life...

I have opened up my eyes
And I can't see the sky
Darkness has surrounded me
I hear screams from everywhere I see

"This kind of hell you're gonna stay!
For all your faults you're gonna pay!"

I don't know how I could get here

Here is a place for all the ones
That ignored the laws of life
We'll find the light after the pain
There's no way out from the threshold!

We've got to learn from suffering law
To make our souls purified
Regret is the key to heal our hearts
and lead us the way to ascend the light

Here is a place for all the ones
That ignored the laws of life
We'll find the light after the pain
There's no way out from the threshold!
Pain is all around;
Rain falls all the time;
Air hurts when I breath;
Tears bring me to life...

Solo 1 : Leitao
Solo 2 : Larenttes

Here is a place for all the ones
That ignored the laws of life
We'll find the light after the pain
There's no way out from the threshold!
Pain is all around;
Rain falls all the time;
Air hurts when I breath;
Tears bring me to life...
