

King Jack

Andre Nickatina

It's only a certain few couple cats that you fuck with. Like, it's a—you won't hear Nickatina features on niggas just 'cause they got money, like, you know'm'sayin? Like, The Jack, we talked about Dre. What was your thing with Jack, man? Like, 'cause Jack was one of the guys, like, Jack got you to do a video, bruh. Like, nigga, you never did a video. Niggas seen you in the "Lifestyle" video and was like, "What? This nigga did a video?"

Man, let me tell you something, dawg. This is real talk on everything that's golden, and I wasn't even gon' go. I was, I was out there running around, doing whatever the fuck I was doing at that time, but I was not gon' go to the video. I'm just gon' let Jack shoot it and just put me in there somehow. And on the—I was on the 580, and at the last second, he said, "Just come and just do it one time."

One take

"And just leave, nigga." Hahaha. That's what the god said, man. I said, "Here I come, nigga."

I'm on my way, my nigga

And they let me do it like three times and they let me leave. And I just did it three times and I jumped right back into what the fuck I was doing.
