

# Speed Ball

Andre Nickatina

This is a speed ball, something you might not know about  
How did a crack head get up in the white house?  
I let my phone rang like I let my chains hang  
I think you need to come down on the price range

This is bolo, Bruce Lee like, King Like  
The POLICE not cops, but STING like  
Man I'm the type to roll weed at a green light  
She turned back to a pumpkin at midnight

This is a pay-scale, and yo it's mixed with the crime wave  
Where we spend everything, and we don't save  
Shopaholics, alcoholics call it what you want it  
The jewelry is all good 'til you have to pawn it

This is bolo, Bruce Lee like, King Like  
The POLICE not cops, but STING like  
Man I'm the type to roll weed at a green light  
She turned back to a pumpkin at midnight

Man this is Coco County  
I make all these suckas get from round me  
And sometimes I like to flash all my dope thangs  
My eyes lit when the weed and the dope came  
It's like I spent my whole life in the dope game

This is bolo, Bruce Lee like, King Like  
The POLICE not cops, but STING like  
Man I'm the type to roll weed at a green light  
She turned back to a pumpkin at midnight

This is the seventh sign, a new car and a new crime  
My Stan Smith's are all white, my new kicks  
I like my milkshakes and money clip real thick  
My clothes Dougie Fresh, my hair Slick Rick

This is bolo, Bruce Lee like, King Like  
The POLICE not cops, but STING like  
Man I'm the type to roll weed at a green light  
She turned back to a pumpkin at midnight

I keep the weed lit, and don't ask me bout nothing  
I ain't seen shit, my dark shades at night time is real life  
I gamble like ima die that's real life  
I like the car black and I like to smoke white

This is bolo, Bruce Lee like, King Like  
The POLICE not cops, but STING like  
Man I'm the type to roll weed at a green light  
She turned back to a pumpkin at midnight

You wanna transform, well don't be mad when I Decepticon  
The ganga, The mecca dah, the God Khan  
I look like Mustafa when I roll bomb  
And I'll stay but only 'til the weeds gone

This is bolo, Bruce Lee like, King Like

The POLICE not cops, but STING like  
Man I'm the type to roll weed at a green light  
She turned back to a pumpkin at midnight
