

## Growing Love

Andreas Bourani

Every day, I see your smile shining bright  
Like the sun that brings the morning light  
And every night, I can't help but think of you  
Dreaming of the things we could do (ooooh-yeah)

My love for you is growing day by day (day by day)  
I couldn't stop it, so I had to say  
I love you, baby, with all my heart (with all my heart)  
I knew it from the start (ooh-yeah)

Your touch is like a gentle breeze  
It calms me down and brings me peace  
Your voice is like a soothing melody  
It fills my heart with joy and ecstasy

My love for you is growing day by day (day by day)  
I couldn't stop it, so I had to say  
I love you, baby, with all my heart (with all my heart)  
I knew it from the start (ooh-yeah)

I can't imagine my life without you  
You're the best thing that's ever happened to me  
You make me feel so alive  
I'm so grateful to have you by my side

My love for you is growing day by day (day by day)  
I couldn't stop it, so I had to say  
I love you, baby, with all my heart (with all my heart)  
I knew it from the start (ooh-yeah)

I will love you forever and ever  
You're my everything, my one and only  
I can't wait to spend the rest of my life with you  
My love for you is growing stronger and stronger every day
