7 Days

Andrew Allen

Let's get lost for seven days
Ohh ohh ohh ooh oh
Ohh ohh ohh ooh oh

Let's put some time aside for me and you
We can do the things we say we wanted to
Close the blinds up in the afternoon
You can take me on
And girl I'll take on you for...

Seven days
Not a one without you, baby
Seven ways
To show you just how much I love you

[Chorus]
Cause every time the ocean goes out
I keep thinking it's all about
Kissing in the sun so far away
Think of all the things we could do
Writing in the sand I Love You
You and I were thinking we could run away

Let's get lost for seven days
Ohh ohh ohh ooh oh
Ohh ohh ohh ooh oh

If it's hot on the Pacific side,
We'll go south warm til' our friends and you and me will hide
Floating like the breeze and moving like the tide
I ran em' up just as long as you take me for a ride...

Seven days
Not a one without you, baby
Seven ways
To show you just how much I love you

[Chorus]

Let's get lost for seven days

I will be hugging you tonight
And cuddling til' the morning light
Kissing that spot behind your ear
And I will be telling everyone,
That hey! this boy was made for one
And girl I'll show you I will hear on this loving holiday

[Chorus]

Let's get lost for seven days

Ohh ohh ohh ooh ohh
Ohh ohh ohh ooh ohh [5x]
