

Nightshade

Andrew Belle

Eyes made
Weightless on repeat
Nightshade
Our youth in your backseat

Float down
A fighter out on my feet
Punch drunk
We're hiding out in our sleep
We're dreaming, we're dreaming

And I don't wanna wake up
And I don't wanna wake up
And I don't wanna this time

And I don't wanna wake up
And I don't wanna wake up
And I don't wanna this time

Last laugh
Illusion of control
Shorthand
A fraction of the whole
No doubt
You're pulling me from the fold
Slow down kid
You are not as you're told
You're dreaming, you're dreaming

And I don't wanna wake up
And I don't wanna wake up
And I don't wanna this time

And I don't wanna wake up
And I don't wanna wake up
And I don't wanna this time

Float down
A fighter out on my feet
Punch drunk
We're hiding out in our sleep
We're dreaming, we're dreaming

And I don't wanna wake up
And I don't wanna wake up
And I don't wanna this time

And I don't wanna wake up
And I don't wanna wake up
And I don't wanna this time
