

We're keeping busy yeah we're bleeding stones  
With our machinations and our palindromes  
Anything but hear a voice  
Anything but hear a voice  
Anything but hear a voice  
That says we're basically alone  
Says we're basically alone

We're keeping busy yeah we're bleeding stones  
With our machinations and our palindromes  
Anything but hear a voice  
That says we're basically alone  
Says we're basically alone  
Says we're basically alone

We're keeping busy yeah we're bleeding stones  
With our machinations and our palindromes  
Anything but hear a voice  
Anything but hear a voice  
That says we're basically alone  
Says we're basically alone  
Says we're basically alone
