

Proxy War

Andrew Bird

He don't have to get over her
She don't to have get over him
With all their words preserved for evermore
You don't have to get over her
She don't have to get over you
It's true these two have never met before

At least not in real life
Where your words cut like a knife
Conjuring blood
Biblical floods
Looks that stop time

You don't have to remember
We forget what memories are for
Now we store them in the atmosphere
If you don't want to get too close
You don't have to get too close
It's what we're calling peer to peer
You don't want to get over
You don't have to get over
We store them in the atmosphere
If you don't want to get over her
She don't have to get over you
It's true these two have never met before

At least not in real life
Where your words cut like a knife
Conjuring blood
Biblical floods
Looks that stop time

If you don't want to get over her
You don't have to get over her
If you don't want to get too close
You don't have to get too close
If you want to remember
If you don't want to get over her
If you don't want to get over her
If you don't want to get over her
