

# Colder

Andrew Garcia

If I was stronger  
Hold on longer  
We wouldn't be fallin'  
Fallin'  
Without my name  
You were my fame  
I can't explain, oh...

It just gets colder  
Colder  
It just gets colder  
Colder  
It just gets colder  
Colder, oh...  
Colder, colder

Baby I know, you hurtin'  
But just so you know I'm hurtin'  
Baby you know I know you know I know  
Claiming that you're so innocent

Sometimes I break down, down down down  
'Cause you're not around, 'round 'round 'round 'round 'round, eh  
But as we get further, further  
The curtains close

And it just gets colder  
Colder, colder  
And it just gets colder  
Colder, colder
