

# Hell & Back

Andrew Garcia

The first love can take you back  
The first one to hold me in  
Her touch was all I knew  
She saved me from all the things that I've been through

Hell and back  
Hell and back  
Hell and back (Oh no..) [x4]

The last love, my only love  
You gave the night, the stars and moon  
You gave me life, my sun, my light  
But now the stars are out of sight

Hell and back  
Hell and back  
Hell and back (Oh no..) [x4]

Here in my heart  
It's where it began  
Here in my heart  
Is where it'll end
