

# Don't Bring Me Down

Andrew Gold

Mmm-mm-mmm-mm

Whoa yeah

Mmm

I'm sitting here  
On my own  
Don't have nobody  
I'm all alone  
Well, it's true  
I'm sad as I can be  
What you do  
Is feelin' bad to me

Well  
You better stop  
This screwin' around  
Just stop and listen  
'Cause it's bringin' me down

Whoa whoa whoa  
Don't bring me down  
Don't wanna take no more  
I wanna see your face  
Behind that door  
I wanna hold you  
Like I did before  
Don't bring me down

You call me up  
You're good to me  
I call you up  
And you turn mean  
Well, it's true  
You're tearin' up my heart  
What you do  
Is tearin' me apart

Well  
You better cool  
This screwin' around  
Just stop and listen  
'Cause it's bringin' me down

Whoa whoa whoa  
Don't bring me down  
Don't wanna take no more  
I wanna see your face  
Behind that door  
I wanna hold you  
Like I did before  
Don't bring me down

But baby, baby  
Please don't go  
But baby, baby  
Let me know

Whoa whoa whoa whoa

Well

You better cool

This screwin' around

Just stop and listen

'Cause it's bringin' me down

Whoa whoa whoa

Don't bring me down

Don't wanna take no more

I wanna see your face

Behind that door

I wanna hold you

Like I did before

Don't bring me down

Don't bring me down

Don't wanna take no more

I wanna see your face

Behind that door

I wanna hold you

Like I did before

Don't bring me down

Don't bring me down

Don't bring me down

Oh, baby

Don't say maybe

Please, baby

Don't bring me down
