Don't Scream (It's Only Halloween)

Andrew Gold

Don't scream, yeah, it's only Halloween
Don't scream, it's only Halloween
Don't scream, it's only Halloween
Don't run, we're only having fun
Don't faint, we're only playin' games
Don't scream, it's only Halloween

There's a couple sheets a-floatin'
And some creatures creepin' by
Here comes Dracula and Frankenstein
And something with three eyes
There's the Wolfman and the mummy
He's the weirdest guy you've seen
Don't scream!

Don't scream, it's only Halloween (It's only Halloween)
Don't scream, it's only Halloween
Don't scream, it's only Halloween
Yeah yeah yeah

When the bats are flying high up
In a sky so red and black
When you look at all the pumpkins
And you see them starin' back
When a witch goes flyin' by you
With a cackle loud and mean
Don't scream!

Don't scream, it's only Halloween (Oh, don't you scream)
Don't scream, it's only Halloween
Don't scream, it's only Halloween

(Don't scream, it's only Halloween)
So what if the guy has no head?
Who cares if that corpse is alive again
Crawlin' out of the grave?
(Don't scream, it's only Halloween)
What do you care if the candle's movin' by itself?
There's no reason to panic
(Don't scream, it's only Halloween)

Don't scream, it's only Halloween (It's only Halloween)
Don't scream, it's only Halloween
Don't scream, it's only Halloween
Don't scream, it's only Halloween (It's very scary)
Don't scream, it's only Halloween
Don't scream, it's only Halloween
