

Feel It

Andrew Gold

You just feel it
You just feel it
Oh, you're happy or you're sad
It's really all you have to do
Whoa
Just feel it
You just feel it
Oh, play it as it lays
And feel it 'til it fades away

How can ya sing?

You just feel it
You just feel it
Oh, you're happy or you're sad
It's really all you have to do
Whoa
Just feel it
You just feel it
Oh, play it as it lays
And feel it 'til it fades away

You just feel it
You just feel it
Oh, you're happy or you're sad
It's really all you have to do
Whoa
Just feel it
You just feel it
Oh, play it as it lays
And feel it 'til it fades away

Whoa
Just feel it, baby...
