

Firefly

Andrew Gold

Fly, little firefly
Spread your wings and
Glow like a beacon
For my love tonight
Fly, firefly

She wanted to be free
Though she needed me
Firefly, light the path
That brings her back to me

Whoa, let this lonely breeze
Just carry you
I know she'd come back home
If she could fly with you
Fly with you

Fly, little firefly
Spread your wings and
Glow like a beacon
For my love tonight
Fly, firefly

Whoa, let this lonely breeze
Just carry you
I know she'd come back home
If she could fly with you
Fly with you

Fly, little firefly
Spread your wings and
Glow like a beacon
For my love tonight
Fly, firefly
Fly, firefly
Fly, fire tiny flier
Fly, firefly
