

## Heartaches In Heartaches

Andrew Gold

Long ago it seemed to me I had it made  
I had a little money, I had my little honey  
One day her feelings strayed to another guy  
And I lost everything  
and all I got now is what I sing  
Heartaches in heartaches, teardrops on teardrops  
That's all I've known since she went and turned me down  
Heartaches in heartaches, teardrops on teardrops  
Since my baby left me in this town.

Any man can claim to have his share of sadness  
That's the way God made it and they ain't gonna change it  
Since my baby left I been workin' overtime  
And there's no vacation, such a mean sensation.

Oh, heartaches in heartaches, teardrops on teardrops  
That's all I've known since she went and turned me down  
Heartaches in heartaches, teardrops on teardrops  
Since my baby left me in this town.

Heartaches in heartaches, teardrops on teardrops  
That's all I've known since she went and turned me down  
Heartaches in heartaches, teardrops on teardrops  
Since my baby left me in this town.

Oh, heartaches in heartaches, teardrops on teardrops  
That's all I've known since she went and turned me down  
Heartaches in heartaches, teardrops on teardrops  
Since my baby left me in this town.
