

Make up Your Mind

Andrew Gold

Throw out the line now
Draw in the reel
I want you to tell me
Which way you feel
Don't keep me waiting
Don't waste my time
Why don't you make up your mind?

Take me forever
Leave me alone
It's one or the other
You do or you don't
The facts are all in now
And you had enough time
Why don't you make up your mind?

We wasted all those years
We wasted everyday
But I don't care, yes I don't care
Throw the years away
My love for you will never, never end
Please believe it's true
So take a chance, yeah take a chance
On romance, on romance

Mmm mmm

We wasted all those years
We wasted every single day
But I don't care, yes I don't care
Throw the years away
My love for you will never, never end
Please believe it's true
So baby, take a chance, yeah take a chance
On romance, on romance

Give me your answer, yes or a no
I want you to tell me
To stay or to go
Don't let me down
Just let know
Why don't you make up
Why don't you make up, whoa
Why don't you make, make up your mind?

(Make up your mind)
Make up your mind
(Make up your mind)
Make up your mind
(Make up your mind)
Make up your mind

Whoa, whoa, whoa, whoa baby

(Make up your mind)
(Make up your mind)
(Make up your mind)
