

# Must Be Crazy

Andrew Gold

Baby, I must be crazy  
To treat you like I do  
Desert you, and I hurt you  
Ain't no one in the world  
Can tell you that ain't true

But baby, you're crazy  
To love me like you do  
My side you're always by  
I'm talkin' about you  
Must be crazy too  
Crazy too

I was down, down on the ground  
With nothin' but a mean attitude  
I'm lazy, but you have saved me  
I gave you the test  
But you're givin' me the best that you can

But baby, you're crazy  
To love me like you do  
My side you're always by  
I'm talkin' about you  
Must be crazy too  
Crazy too

Nothin's gonna hide  
The love I feel inside  
Of my heart  
In my heart  
I'm just a foolish boy  
My love won't be destroyed  
I thank you, girl, for lovin' me  
I'm crazy

Baby, I must be crazy  
To treat you like I do  
You know I desert you, yes, and I hurt you  
Ain't no one in the world  
Can tell you it ain't true

But baby, you're crazy  
To love me like you do  
My side you're always by  
I'm talkin' about you  
Must be crazy too  
Crazy too

You must be crazy too  
Crazy too  
You must be crazy too
