Andrew Jackson Jihad

Oh God there's a big one coming on
The dead have begun to rise and walk
And nobody is singing, nobody is singing
The bottomless pit has opened up
The Virgin Mary's crying blood
And nobody is singing, nobody is singing

Were all taking pictures with camera phones
To prove that we were there
For the end of days, the end of days

The blood gollum is on the loose again
He doesn't know that were American
He just thinks we're fatter
The hell demons are killing all in sight
Satan's doing wheelies on his bike
Twin heads on his handlebars

Pig-tailed twins around the age of 666
Their faces painted to look like King Diamond and Peter Criss
For the end of days, the end of days

Now its raining semen
It smells like those summer trees you smell
Could this be the revelation or is it simply the end of Hell?

Oh God there's a big one coming on
Hashtag armageddon
That topic is trending
The death cult is making jewelry
From the corpses they dragged from the burning sea
They're taking eyes, they're taking ears, they're taking noses,
they're taking teeth
They're taking hair and skin from tattoos
They're taking fingers, they're taking
The end of days very seriously

Now the valley is flooded
With piranha, tequila and knives
But at least we got to prove that we did something worthwhile w
ith our lives
At the end of days, the end of days
