

Feedbag

Andrew Jackson Jihad

I will fill my feed bag full of food
I will walk along this ugly lake
Time to reconnect me to the deeper cum, reconnect
I will walk along this cheap looking lake
Eye contact with someone and then look away
I should speak with someone I don't know today
People are real
Oh to be awake for such a shitty dream
A bullet in the head of every decent thing
We're witnessing the golden age of theft and greed and dickotry
So I will speak with someone I don't know
I thought I knew you, now I don't know anyone
I will fill my feed bag full of food today
Hungry Boy
I will fill my feed bag full of food
