

Space & Time

Andrew Jackson Jihad

Space and time; time and space
Time to wash my filthy face
I cast haste; I cast heal
I attack the day
Awful taste; waste of time
I could space out all the time
I don't sleep, I just daydream the night away

But I'm close enough to happy to say
I'm close enough to happy to say
That I won't throw my memories away

Easy come; easy go
Easy does it; please go slow
Don't you know that that dose is probably poisonous
Maybe yes, maybe no
Don't make me say "I told you so"
Head like a hole
Terrible lie
Down, down in it

But I'm close enough to happy to say
I'm close enough to happy to say
That I won't throw my memories away

I'm close enough to happy to say
I'm close enough to happy to say
That I won't throw my memories away
