

Get On My Wave

Andrew McMahon in the Wilderness

Woke up late today
Laid there for an hour or two
Looking at the whole wide world
And wondering about a spaceman

Made a cup of coffee
If you were here I would've made two
Painted both hands blue
So I could blend in with the sky

Now the coast is on fire
And I'm drinking in the day
Got a shack out by the water
I walk to everything
And when the moon climbs
I listen for the fights in the ally

Get on my wave
Cause the sun don't shine
When you're not by
It's hard to keep riding
Get on my wave
Cause the sun don't shine
When you're not by
It's hard to keep riding

I get overwhelmed
Paddling out into the rising tide
You were my whole wide world
And I was just in space, man

Now you're everywhere
And I would like to be there, too
So, I paint myself blue
Hoping I could be your sky

Now the coast is on fire
And we're drinking in the day
Got a shack out by the water
We walk to everything
And when the moon climbs
We listen for the fights in the ally

Get on my wave
Cause the sun don't shine
When you're not by
It's hard to keep riding
Get on my wave
Cause the sun don't shine
When you're not by
It's hard to keep riding

Get on my wave
Cause the sun don't shine
When you're not by
It's hard to keep riding
Get on my wave

Cause the sun don't shine
When you're not by
It's hard to keep riding
