

Don't Give Up On Me

Andrew Peterson

The road is long that leads me home tonight
It disappears into the distant light, my love
Don't give up on me

You know I love you, but I'm just a man
I don't always love you the best that I can
My love, just don't give up on me
Don't give up on me
Don't give up on me
Don't give up on me
Don't give up on me
I won't give up on you

Got all these letters that I never did write
All this affection I kept inside my heart
Don't give up on me
Don't give up on me
Don't give up on me
Don't give up on me
I won't give up on you

You were there when I shook my fist at the sky
You were there when I fell to the earth and cried
Do you remember how it felt just like we died and rose again?

And the storm inside was raging
It was howling like the wind at the Pentecost
And his love was teaching us a language we thought was lost

I have felt the holy fire of love
Been burned by the holy fire of love
Made clean by the holy fire of love

I walked beside you in the canyon flames
Deep as an ocean and hot as a thousand suns
We barely survived

But now I wake up in a golden dream
Angel voices in the rooms where the children run
All covered in light

Don't give up on me (I felt the fire of love)
Don't give up on me (I felt the fire of love)
Don't give up on me
I won't give up on you (I felt the fire of love)

Don't give up on me (I felt the fire of love)
I'm begging you please
Don't give up on me
I won't give up on you
