

Heavy Love

Andrew Rayel

Swollen
We were
I hold this pains together

A broken
Mirror
Doesn't last forever
Oh! Let me be the only thing that say
The only heartbreak you don't chase
And when you feel
You're not strong enough
I'll bear the weight
For the both of us
I'll lift my head
When you looking down
I'll hold this up
Cause anyone can see
We got a heavy love
Anyone can see
We got a heavy love
And i can hold
The both of us
The both of us
The both of us
And let me hold
The two of us
The two of us
The two of us

Anytime You Leaving
Think you want this
You Need It
Do Anything To Feel It
Oh! We I know i'll Always keep you safe
The Only Heartbreak You Won't Face
And When You Feel
You're Not Strong Enough
I'll Bear The Weight
For the Two Of Us
I'll Lift Your Head
When It's Looking Down
I'll Hold This Up
Cause Anyone Can See
We Got a Heavy Love
