

# Falling Faster

Andrew Ripp

A shooting star, a waterfall  
A speeding bullet breaking through a steel wall  
A jet plane, a rocket man  
You're taking me to places I have never been

You make me feel like dancing

A cannonball, an avalanche  
You knock me over now I'm tumbling inside your hands  
A skydive without a parachute  
Never thought I would say I'm hopeless without you

Falling faster than I thought I could  
You make me feel just like a young boy should  
All I know is this is something good, yeah-eh

Your gravity is pulling me  
You're the center of the earth and I'm a fallen tree  
A wildfire, electricity  
You turn me on, I can't resist  
No, I could never leave

You make me feel like dancing  
You make me feel like dancing

Falling faster than I thought I could  
You make me feel just like a young boy should  
All I know is this is something good, yeah-eh

A shooting star, a waterfall  
A speeding bullet, yeah, breaking through a steel wall  
A jet plane, I'm a rocket man  
You're taking me to places I have never been

You make me feel like dancing  
You make me feel like dancing  
Oh, and I never like dancing  
You make me feel like dancing  
You make me feel like dancing
