

# Lies

Andrew Ripp

All alone danger zone  
Makes me think of you  
It's been so long and I've been strong, but I'm missing you  
If I'm going to stay alive, I gotta stop pretending  
That you and I could ever just be friends

Yeah, we've been here before, and we both have our tricks  
We both know this is wrong, but we just can't resist  
So I pull you in close, and I watch you lean in for a kiss  
Get away from my lips, yeah

You're so fire  
Blur the lines  
Demons still in me  
Sexy lies make me feel alive, but they're killing me  
So pour it on strong cause I can handle it  
Ooh baby I deserve just a little sin

Yeah, we've been here before, and we both have our tricks  
We both know this is wrong, but we just can't resist  
So I pull you in close, and I watch you lean in for a kiss  
Get away from my lips, yeah

Get away and stay the hell away from me  
I hate how much I love what you do to me  
And now I know I gotta stop before you ruin me  
Yeah  
Ooh yeah

Yeah, we've been here before, and we both have our tricks  
We both know this is wrong, but we just can't resist  
So I pull you in close, and I watch you lean in for a kiss  
Get away from my lips, yeah
