

Never Forget You

Andrew Ripp

I remember trying to let you go
Leaving me with a heart of stone
I didn't wanna believe it
I didn't wanna believe it, no
Every story's gotta have an ending
But your's ended too soon

And there's no way to escape it
And now I'm having a hard time understanding
How someone like you could be gone so soon

I will never forget you
Even though it's been so long
Falling rain's gonna keep on falling when I'm lost and I'm all alone
I wish we were together
And I didn't ever let you go now
I don't wanna believe it, no

Looking back I never realized we had a limited amount of time
I took it for granted
And I wish that I hadn't
I've been staring at a memory
Looking back on how we used to be

There's no way to escape it
And now I'm having a hard time understanding
How someone like you could be gone so soon

I will never forget you
Even though it's been so long
Falling rain's gonna keep on falling when I'm lost and I'm all alone
I wish we were together
And I didn't ever let you go now
I don't wanna believe it, no

You were all I had
Never gonna be another one like you
There's never gonna
And I miss you so bad
So bad
There's never gonna

I will never forget you (forget you)
Even though it's been so long (been so long)
Falling rain's gonna keep on falling when I'm lost and I'm all alone
I wish we were together (we were together)
And I didn't ever let you go now (let you go)
I don't wanna believe it, no

This is something that never should have happened
But our love is true
And I promise you
Yes I know it's true
I'll never forget you
