

# Something Beautiful

Andrew Ripp

Almost like I brought a bow and arrow to a gun fight  
I'm out of my league I didn't know what this would feel like  
And I can't help but feeling let down, deep in despair  
Like I'm praying to a god that's not even there  
Now I'm on my knees one more time  
I need you, I need you to

Take my pain and make it something beautiful  
Take my sorrow show me it's not mine to hold  
If you're here with me in the waiting  
Even when my heart is breaking  
Take my pain and make it something beautiful  
Something beautiful

Somehow all my suffering reveals a piece of heaven  
And there's a resurrection waiting for me on the other side  
But standing where I am right now, how could I know  
If I'm ever gonna see another miracle  
So I'm on my knees one more time  
I need you, I need you to

Take my pain and make it something beautiful  
Take my sorrow show me it's not mine to hold  
If you're here with me in the waiting  
Even when my heart is breaking  
Take my pain and make it something beautiful  
Something beautiful

I want more than a breakthrough  
I want you, I want you  
I want more than a breakthrough  
I want you, I want you  
I want more than a breakthrough  
I want you, (I want) I want you (I want)  
I want more than a breakthrough  
I want you, (I want) I want you to

Take my pain and make it something beautiful (Something beautiful)  
Take my sorrow show me it's not mine to hold  
If you're here with me in the waiting  
Even when my heart is breaking  
Take my pain and make it something beautiful  
Something beautiful  
Ooh...
