Sos

Andrew Ripp

Send out a mayday
Somebody help me
I'm just about to lose control
SOS, somebody save me
Cuz I'm just about to lose control
I'm going down
Please, make it stop now
Cuz I'm just about to lose control

Send out a mayday
Somebody help me
I'm just about to lose control
SOS, somebody save me
Cuz I'm just about to lose control
I'm going down
Please, make it stop now
I'm just about to lose control
I'm just about to lose control

Keep it together I know I could do better but I
Can't help but feeling that I'm just about to lose control
Have trouble sleeping I wonder what people think and I
Can't help but feeling that I'm just about to lose control
I'm just about to lose control

Oh oh oh...

Send out a mayday
Somebody help me
I'm just about to lose control
SOS, somebody save me
Cuz I'm just about to lose control
