

## Born To Rule

Android Lust

Ancient fires burning  
In secret and silence  
Buried underneath are  
Those who rose in defiance

Don't think me unkind  
Don't think me cruel  
This is who I am  
I was born to rule

Ancient waters flowing  
An ocean of time  
Caught between the worlds  
My love sublime

You are the one  
The one I choose  
In fire and blood  
You can never refuse
