

Where Would I Be?

Andy Abraham

Verse 1:

In my darkest hour,
I stood my ground
There was a part of me, that still believed
But would not let me down

Verse 2:

If you never opened up my eyes, it made me realize
I have never seen what was right in front of me
Tell me where would I be

Verse 3:

Now I can't deny,
That something inside
Keeps telling me that this could be the meant to be,
For once in my life

Verse 4:

I'm gonna take my time,
When I look in your eyes
I don't wanna miss a thing, just wanna take it all in
Now that you're here by my side

Bridge:
