

About Last Night

Andy Brown

Last night you gave high a whole new meaning
Last night you straight kissed me through the ceiling
I was looking down on this little town from heaven
Last night you were so hot you were fire
Last night we lit up without a lighter
We were throwing sparks, dancing in the dark together, mm

About last night
Need a whole lot more of that
Turn down that thermostat
And meet me underneath the covers
That's alright 'cause I'm pretty sure I'm hooked
One taste is all it took
Now I'm falling deeper, I gotta need ya
As long as I got you in my arms when that sun starts to rise
I bet I'll wake up every morning for the rest of my life
Thinking about last night
About last night

Last night you 'bout drove us damn crazy
Last night you put grace in amazing
But I was singing to ya
Feeling hallelujah, yeah i was
Yeah I was

But I just can't get enough
If I'm being honest
