

# Bigger Man

Andy Grammer

Gave and gave and gave of who I was to be in your vicinity  
Took and took and took 'til there was nothing left to take  
Held it all together and got better, justifying misery  
Lying to myself and in the bed that I had made

I was blind, couldn't see  
Lord, remind, remind me

Oh, my good blood, my good blood, my good blood, my good blood  
Good blood has all but run dry in my soul  
It's not what I want, but this bad blood, this bad blood  
Is rising and rising and taking control

Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me  
This ain't who I am (This ain't who I am)

Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me  
I'm a bigger man (I'm a bigger man)  
I'm a bigger man (I'm a bigger man)

Pulled and pulled and pulled as I fell deeper down into your gravity  
Made me a believer just to keep me on the line  
Now I'm standing tall and seeing all the cracks in your insanity  
Every step away is a reminder I'll be fine

I was blind, couldn't see  
Lord, remind, remind me

Oh, my good blood, my good blood, my good blood, my good blood  
Good blood has all but run dry in my soul  
It's not what I want, but this bad blood, this bad blood  
Is rising and rising and taking control

Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me  
This ain't who I am (This ain't who I am)

Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me  
I'm a bigger man (I'm a bigger man)

Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me  
This ain't who I am (This ain't who I am)

Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me (Remind me)  
Oh, Lord, remind me  
I'm a bigger man (I'm a bigger man)  
I'm a bigger man (I'm a bigger man)

I'm a bigger man  
I'm a bigger man
