

Kamikaze

Andy Grammer

I take a knife cut a hole in my chest
Take my beating heart out throw it down on the desk
And then roll, dice and let go
I'd rather fall flat on my face then fall short of what could've been a masterpiece
And I know it takes a bit of my soul
I'm not afraid of the scars from the battles
I'm not ashamed, so fire away

Cuz my hearts always wide open, and I'll never close it
And I won't go down with a blaze
My hearts always wide open and I won't go down in a blaze of love

Cuz I am
I'm a kami- kami - kamikaze
I'm a kami- kami - kamikaze
I'm a kami- kami - kamikaze

So look at me, look at me, its not hard too see
I've got a long list of insecurities
And I know, the smile I show
No you can't be afraid of the mistakes you haven't even tried to make
So let go, the scars and go

I'm not ashamed, I've got scars from the battles
I'm in love so fire away
Cuz my hearts always wide open, and I'll never close it
See I will go down with a blaze in a love
My hearts always wide open and I will go down in a blaze of love

Cuz I am
I'm a kami- kami - kamikaze
I'm a kami- kami - kamikaze
I'm a kami- kami - kamikaze
I said
I'm a kami- kami - kamikaze
I'm a kami- kami - kamikaze
I'm a kami- kami - kamikaze
See my hearts always wide open

I'm not going to close it
I will down in a blaze of love
My hearts always wide open
And I'll never close it
I will go down yeah

Cuz
I'm a kami- kami - kamikaze
I'm a kami- kami - kamikaze
I'm a kami- kami - kamikaze
I Say
I'm a kami- kami - kamikaze
I'm a kami- kami - kamikaze
I'm a kami- kami - kamikaze
