

# You Made Me That Way

Andy Griggs

If I seem like a little too much to handle  
If I laugh like an angel on judgment day  
If I burn like the sparks of a roman candle  
Oh baby you made me that way

If my heart starts to pound like a bass drum drummin'  
Like the beat when an old Sun record plays  
And if I turn my back when the train is comin'  
Oh baby you made me that way

I used to play it safe  
Never thinkin' what I might miss  
Who knew there'd come a day  
I would come alive like this  
With just one kiss

If I choose the edge over the middle  
If I moan at the sound of a certain name  
And if I lean just this side of illegal  
Oh baby you made me that way

Well I used to play it safe  
Never thinkin' what I might miss  
Who knew there'd come a day  
I would come alive like this  
With just one kiss

If I seem like a little too much to handle  
If I laugh like an angel on judgment day  
And if I burn like the sparks from a roman candle  
Oh baby you made me that way  
Well, I'm proud to say  
Oh baby you made me that way
