

Together

Andy Hunter°

Together we'll run. Run through the rays of the rising sun, the sun.

Together we'll dance. Dance in the darkness I find romance, romance.

Together we'll run. Run through the rays of the rising sun, the sun.

Together we'll stand. Stand on the edge I'll take your hand, your hand.

Together we'll run. Run through the rays of the rising sun, the sun.

Together we'll fall. Falling into white light our all, in awe.
