Pump up, pump up the bass if you're built for it

I'm a young man gettin' what I came for  
'Cause I work hard, I got everything I prayed for  
Money came fast, so, now take my day slow  
Me and 'Crae just like MJ, G and Abel (Talk that talk)  
I just bought her flowers on a weekday (Ooh)  
Baby, why would I cheat? You my cheat day (Ooh)  
You a treat (That's right), you a snack, uh  
Fighting with your jeans 'cause you got it like that  
Well, okay, tell me: whatcha faith matter 'bout today?  
Now I'm great 'cause I 'member when I ain't have a way  
On a date, only had enough to pay for matinée  
Now I'm straight, every mornin' feelin' like it's Saturday  
Well um, they doin' nothin', got a lot to say  
How you never had COVID, you still got no taste?  
Saw a girl I used to date, she pretended we was friends  
She like-

"OMG, know it's been a min'  
Tell me where you been, huh?"  
Been about it, hey  
Back up off me man, it's gettin' crowded, hey  
When I'm in Cali gotta In-N-Out it  
Whole lotta goofies in the spot, so I'm dippin' out it (Adios)  
In the gym, gettin' brolic, hm  
La-di-da-di, we don't bother anybody like  
Always kept it solid  
You know I always kept it solid

Okay, here's a little story I'd like to tell about two young fellas in the ATL  
We don't never cause trouble when we out in the streets  
But then, "Woop, woop," that's the sound of the police  
I was shook (He was shook)  
But I kept it cool, pulled us over on the shoulder  
Just to say he dug the tombs  
Then he let me off with a warning, we was on our way  
I said, "It's all about paying my CPA"  
Been about it, glory to the Father, I don't do the drama  
I went vegan for the weekend, now I'm back to beef and broccoli  
Sippin' sake practice my Wabi-Sabi, don't need a thottie  
My girl got that body-ody, when we walk inside the party, they like-

"OMG, know it's been a min'  
Tell me where you been, huh?"  
Been about it, hey  
Back up off me man, it's gettin' crowded, hey  
When I'm in Cali gotta In-N-Out it
