Not Gon' Do

Andy Mineo

Here's what we not gon' do
If we in love
Play on my phone, I want to trust, yeah
Ah baby, lately, you been loving me
No, no, no, no

Yeah, here's what we (Not gon' do)
Move to L.A. and dye my hair blue
Fire up the live, eat a stick of glue
Y'all be doin' anything to get a million views
Mami, here's what ya (Not gon' do)
Slide into my DM with those nudes
I wrote back, "My wife got those too"
And I'ma take hers if I had to choose
Here's what we (Not gon' do)
Buy ten name brands, spend like ten thou'
Wear it all at once, pretend ya got style
Just 'cause you paid, don't mean you got taste
Hey, here's what we (Not gon' do)
Write 'God First' in my profile
Then live my whole life like Satan's child
If anybody say something now they hatin', wow

I won't apologize for bein' who I am
Tryna throw shade on me say a lot 'bout you
I won't apologize 'cause you feel some type of way
That's a no can do, no that's on you
Pretty girls make the world go round
I thought you knew that
Coco Chanel with' it, no I can't do that

Here's what we (Not gon' do)
Pose for the pic when I'm tryna to get food
Especially I know I'm in a terrible mood
Then they go and tell the news I'm a terrible dude, nah
Here's what we (Not gon' do)
Start throwin' my feelings in the timeline
Then be mad 'cause somebody gettin' shine shine
Better back back up it live Juvie in the '9-9
Now here's what we (Not gon' do)
Spend the rent money on brand new J's
Go and take a loan from the SBA
Just for the trip down to Miami Dade
Like Wade, hold up
Wonder if they ever gon' change? Grow up
I put a gold record in a frame, so what?
Security guards at the game, know us
I'm in my own lane doin' donuts
Then I slide for my A1's, get 'em A5
Told my JLo I ain't goin' A-Rod
'Cause I got a playbook that I gotta play by, ay

I won't apologize for bein' who I am
Tryna throw shade on me say a lot 'bout you
I won't apologize 'cause you feel some type of way
That's a no can do, no that's on you
Pretty girls make the world go round

```
I thought you knew that
Coco Chanel with' it, no, I can't do that

Here's what we (Not gon' do)
```

```
I thought you knew that
Coco Chanel with' it, no, I can't do that

Here's what we (Not gon' do)
