

# Okayyy We Back

Andy Mineo

Ayy

Did you miss me, huh?

Return of the mack

Okay, we back (There it is)

Return of the mack

We are so back (Come on)

Return of the mack

Been around the world a few laps (Oh my God)

You know that I'll be back

Since the last time we spoke

My bad for that but (Here I am)

Return of the mack

Okay, we back (There it is)

Return of the mack

We are so back (Come on)

Return of the mack

I took a lil' time for me (Oh my God)

You know that I'll be back

Okay, now it's time to eat, look

Where you been, Andy? It's been a while (Where you been?)

I'm buying cribs, chillin' out, picking out, don't you dare

Talk to me loud, it's not allowed

I'm the only person that I'm tryna make proud (Wow)

When you got bigger-than-life visions

You can't get distracted by all the side missions

They say it's all family until it's just bidness

But I don't walk on water, so I don't burn bridges, dog

They say I'm too big for my britches

Nah, I'm double platinum, my wrist just isn't (What?)

Never been the type that'll spend on blinging

But I got some nice chairs at the crib you can sit in

I'm feeling like Vince and McMahon with two torn quads

I can't stand y'all still doin' my job

All feelings aside, the realest is gon' survive

How they spending time talking 'bout me online

When you know darn well that your card got declined

I'd look as dumb as y'all if I ever did respond

Now, they outside my shows with picket signs

If everybody love ya, then you ain't did it right

Okay, now it's time to eat (Alright)

Big job like a mocho from the top roll  
When I'm gon' stop? Only God knows  
I can see the world better with my eyes closed  
Fresh off the plane from Japan, arigatou, uh  
I already did a lot, but I'm tryna hit the lot  
'Cuz I wanna go and cop twin Broncos  
So me and my bros could ball like the ochos  
And we chilling in the seating that I chose  
I mean the Eam's lounge of the Gaetano  
PC we outside, ATL Peace Tree  
Where everybody keep a two like a GC  
And why they swearin' that they hard, they got ED (Uh)  
Not you talking about me from the cheap seat  
I looked up, I could not even see y'all like Stevie  
And I don't mean to be preachy  
But worthy is the Lamb  
Pass the tzatziki
