New York City  
New York City  
New York City  
New York City

Uptown New York City, where you can spot me  
Uptown New York City, where you can spot me  
Uptown New York City, where you can spot me  
Uptown New York City, where you can spot me

We in love with the invention, we don't love the inventor  
On a quiet block, they puff the loud, it be smellin' like it's Denver  
And they hit you with the fake smile, I ain't talkin' dentures  
Starbucks on the corner, pushin' bucks for that rent up  
Dippin' in all black like I'm venom  
Keep it G, I'm not a star, but I'm raw like this denim  
Them dope boys push the big body, Jerome Bettis  
I got Santeria hexes from my exes, but I'm protected  
You heard that man got shot for his necklace?  
That's a 1-8-7 up on 1-8-7  
You know that uptown lifestyle reckless when they eatin' mangú and fried cheese for your breakfast  
Baby, how you gon' complete your life checklist spendin' every night watchin' Netflix?  
Time is so precious, gotta invest it where you spend it  
If we prisoners to comfort, we judge our own sentence  
I be uptown

Uptown New York City, where you can spot me  
Uptown New York City, where you can spot me  
Uptown New York City, where you can spot me  
Uptown New York City, where you can spot me

I wake up in that mornin', gettin' that café con leche  
Doña, hold that azúcar, my stomach been showin' lately

Plus the crossover crazy, don't get caught out here sleepin'  
That's why they call Allen Irishman when I ball at Cabrini  
I'm throwin' swishes  
This right here that new school vintage  
I been spendin' money tryin' not to spend up all these minutes  
And I ain't been present, man, look at what my gift is  
Some push the white cause they ain't have the privilege  
Let's get it!  
Ain't no other city like the one I'm in  
I got that Bustelo in my cup again  
Jim Carrey with this here, I'm goin' dumb again  
Me, myself and I, the only thing I'm up against  
New York stayin' lit, rent high, payin' it  
La Marina, bottled water, date night favorite  
My bodega on the corner, I ain't even sayin'  
They already know my order, they just started makin' it, woah

Ain't no other city make me feel this way  
I been all around the world baby, but I'm here to stay  
Oh-oh-oh-oh  
Ain't no other city make me feel this way

I been all around the world baby, but I'm here to stay  
Oh-oh-oh-oh  
There's no place like Uptown, New York  
Ain't no other city make me feel this way  
I been all around the world baby, but I'm here to stay  
Oh-oh-oh-oh, oh  
There's no place like Uptown, New York

Padre mio  
Padre mio  
Protégeme en las calles  
Guardar mi mente  
Porque el mundo  
Porque el mundo miente
