

# You Know the Drill

Andy Mineo

Aye, nothing set in stone except for the ring that's on the left hand  
Told her if ya ever cheat, I would give ya second chance  
What you mean, second chance, that's gon' be ya nextman  
Can't have no one in them jeans, now I'm just ya ex-man

If I'm cheatin, a cheetah girl will be my next plan  
Alimony and the tithe, hold ya head fam  
Don't know where we from, better check man  
You ain't from New York, you a Nets fan  
All talk, no walk, professor x man  
Streets will lift ya up and shoot ya down  
Look at X man  
All dogs go to heaven  
Rest in peace to X man  
All pride coming for my bride  
Feel like Steadman

Yeah, you know the drill  
You know the drill  
You know the drill  
I'm in tip top shape  
They in tiktok shape  
I'm a fix my plate  
You know the drill

Back at 'em with another one  
God made me, I'm a one of one  
Out in Cali on the 101  
But New York is where I'm coming from  
Hundred grand that's a honey bun  
Me and Words going dumb and dumb (er)  
Big league things, bubble gum  
Get it jumpin' like its double dutch

Bought some things you can't afford now you gotta lie to maintain  
I know pride and insecurity the same thing  
If you was Carl you'd a probably done the same thing  
If you trade your queen for a pawn, something wrong king  
Sold a dime one time now he talkin' like he Chapo  
I don't mean the lake when I say I'm dippin in the Tahoe

Greatness on Demand (this that) (this that) this that God flow  
I just talk to Jesus he said this is what I died fo'  
If you think I changed, it's the outfit  
JJJJound sweatsuit, just to lounge around the house with  
Kinjaz said send something we can bounce with  
Just might drop a part two, no announcement  
Wordsplayed, only fear God and accountant  
Fallwell left with ten mil' that's astounding  
Man I don't need more friends now I'm counting  
Cause Jesus died with two thugs on a mountain

(Magic and Bird, the rivalry continues)

Yeah, you know the drill  
You know the drill  
You know the drill

I'm in tip top shape  
They in tiktok shape  
I'm a fix my plate  
You know the drill  
You know the  
You know the  
You know the
