

## Jason

Andy Williams

This ain't for the quarterback  
Who lives upstairs in our house  
And this ain't for the princess  
Who's sleeping down the hall

This ain't for the other one  
Who looks just like her mamma  
And this ain't for the baby  
Who's the cutest one of all

Jason  
This is my song for you  
Written down a thousand times  
Jason  
Like the teacher makes you do  
When you're bad and out of line  
I'm so glad you're mine

It hurts me when they tease you  
Cause you're just a little slower  
I'd like to take the sadnesses  
And turn em into joy

I watch you try so hard  
To do what other kids do easy  
Cause after all to me  
You're such a special little boy

Jason  
This is my love for you  
Written in my mind a thousand times  
Jason  
Like the teacher makes you do  
When you're bad and out of line  
I'm so glad you're mine
