

Make It with You

Andy Williams

Hey, have you ever tried
Really reaching out
On the other side?
I may be climbing on rainbows
But baby here goes

Dreams, they're for those who sleep
Life, it's for us to keep
And if you're wondering
What this song is leading to

I want to make it with you
I really think
That we could make it, girl

No, you don't know me well
In every little thing only time will tell
But you believe the things that I do
And we'll see it through

Life can be short or long
Love can be right or wrong
And if I chose the one
I'd like to help me through

I'd like to make it with you
I really think
That we could make it, girl

Dreams, they're for those who sleep
Life, it's for us to keep
And if I chose the one
I'd like to help me through

I want to make it with you
I really think
That we could make it, girl
I really think
That we could make it, girl
I really think
That we could make it, girl
