

Only Everything

Andy Williams

Sometimes I sit here all alone
Waitin' by the phone
Starin' at the doorway
Some nights I write myself a note
That I make believe you wrote
So I sign it with your name

And I know my number's still the same
I check it every day
And my door still opens easily
So why should I feel so blue
'Cause all I've lost is you
And that's only everything

And you left me hangin' way out on a dream
Nowhere to go but down for a fool like me
And I know it's not as bad as it may seem
'Cause all I've lost is you
And that's only everything

Some nights I sit here with my friends
The shadows and the wind
And I wait endlessly
Inside of me, rethink of words
Some lines I can rehearse
To tell you someday

Some nights, I lay down by your side
In a room inside my mind
Where I keep all of my yesterdays
So why should I feel so blue
'Cause all I've lost is you
And that's only everything

And you left me hangin' way out on a dream
Nowhere to go but down for a fool like me
And I know it's not as bad as it may seem
'Cause all I've lost is you
And that's only everything
'Cause all I've lost is you
And that's only everything
