

Sherry!

Andy Williams

Sherry, you fill my cup with happiness
Sherry, you fill it up with happiness
You make this life a glorious game
The sound of your name
Can set me aflame with gay anticipation

Sherry, you make me feel deliciously merry
And oh so high, I
Swear champagne is over-rated
I'm just plain intoxicated
Sherry with you

My darling Sherry
Your brand of fun's unbeatable
Sherry, you're grand and undefeatable
You fill this world with tingle and zing
Each morning is spring
And I'm on a swing
While robins wing around me

Sherry, you make me feel delectably merry
And oh so high, I
Doubt that I will be descending
Till I see my happy ending
Sherry, Sherry, Sherry, with you
Sherry, Sherry, Sherry, with you
