

Don't Run And Hide

Ane Brun

Don't run and hide
Take a peek outside
I'm here for you

Don't run and hide
Take a look outside
I'm here for you

I hear you roaming in the night
You can't let go
You are caught behind a wall of noise
You used to smile
But now it's hurting
Feels like icicles on your chin

Don't you know
All the times we've talked about this now
We've talked about it
Over and over and over and over

Don't run and hide
Take a peek outside
I'm here for you

Don't run and hide
Take a look outside
I'm here for you

Don't run and hide
Take a peek outside
I'm here for you

Don't run and hide
Take a look outside
I'm here for you

Fear is a choice
A lonely exile
It's a cloud
Dimming the landing lights
When you find
Yourself between reality and dreams
Accept and breathe
Over and over and over and over

Don't run and hide
Take a peek outside
I'm here for you

Don't run and hide
Take a look outside
I'm here for you

Don't run and hide
Take a peek outside
I'm here for you

Don't run and hide
Take a look outside
I'm here for you

Let it go let it go
And I'll catch you
It is time now
Don't hide now
I'm here for you

Don't run and hide
Take a peek outside
I'm here for you

Don't run and hide
Take a look outside
I'm here for you

Don't run and hide
Take a peek outside
I'm here for you

Don't run and hide
Take a look outside
I'm here for you

Don't run and hide
Take a peek outside
I'm here for you

Don't run and hide
Take a look outside
I'm here for you
