I Would Hurt a Fly

Ane Brun

I can't get that sound you make
Out of my head
I can't even figure out what's making it
No one else around even seems to be noticing
It's only small enough for me

I can't get that sound you make
Out of my head
I can't even figure out what's making it
It feels like fingernails across the moon
Or do you rub your wings together

There's a mean bone in my body
It's connected to the problems
That I won't take for an answer
No, I won't take that from you
Because I, would hurt a fly

I can't get that sound you make
Out of my head
I can't even figure out what's making it
No one else around even seems to be noticing
It's only small enough for me

There's a mean bone in my body
It's connected to the problems
That I won't take for an answer
No, I won't take that from you
Because I, would hurt a fly

Let you go to sleep
Feeling bad as me
Let you go to sleep
Feeling bad
There's a mean bone in my body
It's connected to the problems
That I won't take for an answer
No, I won't take that from you
Because I, would hurt a fly
