

The Waiting

Ane Brun

The waiting
For love to come in
The waiting
For life to begin

From mono to stereo
The real thing
Not the lonesome longing
But worth the waiting

So what are you gonna do for now?
What are you gonna do with all this time?
Don't you wanna feel alive!
Alive
Alive
Don't you wanna feel alive!

The waiting
For something to touch your heart
The waiting
Like in a void
No end no start

From mono to stereo
The real thing
Not the lonesome longing
But worth the waiting

What are you gonna do for now?
What are you gonna do with all this time?
Don't you wanna feel alive!
Alive
Alive
Don't you wanna feel alive!
Don't you wanna feel alive!

You wanna feel alive!
Alive
Alive

You wanna feel alive!
You wanna feel alive!
Alive
Don't you wanna feel alive!
