

# What I Want

Ane Brun

Yesterday we did it again  
We did what we're supposed to  
What is expected of  
This constellation of two

Oh- it's what I want  
It's what I want  
it's what I like  
it's what I like

don't let anybody tell you different  
don't let them know  
oh, it's what I want  
it's what I want

You say that filling me  
Is what's filling you  
Don't tell them what  
What fills you more
